Director's Note

Dear Partner,

It is my pleasure to introduce to you the latest edition of our Brand and product catalogue. Lunix Pharma is one of the fastest growing pharmaceutical company based in United States of America with the set purpose of providing people with the best pharmaceutical products delivered through a combination of innovation, technology and empowerment of Science.

Over past few years, Lunix Pharma Brands have gained the trust and preference of thousands of satisfied Consumers in USA. Lunix Pharma has expanded reach to more than 20 countries across Europe, Russian countries, Middle East, Asia and Africa. We are therefore very proud to introduce them to you. Lunix Pharma brand portfolio contains the best medical solutions in Cardiology, Critical care, Gastroenterology, Nephrology, Oncology, Hormones, Biological, prefilled parental critical care medicines and nutritional supplements. The aim of such a wide portfolio is to delight our current and future Consumers, enabling more people to take charge of their health needs.

Our ultimate goal is to **Add Vitality to LiFe**. We have redefined our Corporate Strategy and the present catalogue reflects new product range. We have a leading branded presence across our core Lunix Pharma strategic region of emerging markets. Considering the requirement of many of emerging markets cost effective and affordable medical solutions. We have started our own plants at various locations around the world from USA to Indonesia through various joint ventures.

We have decided to extend our product portfolio in all critical care segment. Company has invested into offering patented new drug delivery system in Oncology and new generic products in addition to our Food Supplements range. We wish you a great success in business and good health. If the need arises, do not hesitate to write to us to improve our product offering.

David M. Baltimore

Director

Preface

Quality Control and Assurance

Production at Lunix Pharma carried out with all legislative requirements valid in the Middle East, Asia and United States of America. These include in particular the Food Act, the Drug Act and other related regulations of the Ministry of Health. The distributed products are duly registered and approved, according to the Ministry of Health and the State Institute for Drug Control from different countries. Quality Control affects all levels from raw material flow (processing), manufacturing, extended stability and patent process with continuous and inter-operational control of high quality production and output control of finished products. Production plant, facilities and warehouses also undergo regular checking. At Lunix Pharma, Quality Assurance provided by extensive internal inspections, which monitors entire Quality Management System.

Lunix pharma manufacturing and associated plants are the cGMP, USFDA and EuGMP certificated plants. Lunix Pharma has complied with the requirements of the Drug Act and GMP regulations for the production and distribution of medicines in United States of America. Lunix Pharma manufacturing associated plants are also present in Germany, Iran, India and Indonesia. As a part of the Quality Assurance System that ensures products are continuously processed and checked with the quality standards with approved registration documentation for the respective products.

*Calcium is an essential element needed in large quantities needed for maintenance of bone architecture and health. Calcium is vital to the health of the muscular, circulatory, and digestive systems; and is indispensable to the building of bone. The daily calcium requirement is usually not met by diet alone, so most individuals have a chance to develop deficiency, especially when there is increased loss due to aging and other genetic factors. **Unical** is a unique formula that stands superior to all other calcium salts. **Unical** can be consumed with or without food and delivers a significant nutritional benefit to individuals of all ages.*

Brand Name: **Unical**

Indication: Osteopenia and Osteoporosis, Post menopausal, Osteoporosis, Pregnancy and Lactation

Ingredients : Each film coated tablet contains Calcium Citrate Malate USP 250 mg; Coral calcium 250 mg ; Calcium Ascorbate USP 150 mg; Vitamin D3 IP 400 IU; Magnesium hydroxide IP 100 mg; Zinc 7.5 mg

Dosage: Once daily

Presentation : 30's Tablets

Unical Syrup specially designed formula for kids and contains all essential elements needed for maintenance of bone health in kids. The daily calcium requirement is usually not met by diet alone as the kids are very particular in what they eat and therefore they have a chance to develop deficiency in essential calcium dosage needed every day. **Unical** Syrup contain other essential minerals like Magnesium and Zinc that help in maintaining bone health. Vit D helps in absorptioin of calcium. **Unical** Syrup contains all these elements in amounts recommended for daily supplementation in a convenient dosage regimen.

Brand Name: **Unical Syrup**

Indication: Osteopenia and Osteoporosis

Ingredients :Each 5 ml contains Calcium citrate 50 mg, Calcium carbonate 75 mg, Vitamin D3 - 400 IU

Dosage: As directed by physician

Presentation : 200 mL bottle

Vitamin D is required for the regulation of the minerals calcium and phosphorus found in the body. It also plays an important role in maintaining proper bone structure. **Dnixt** contains Vitamin D3, 10,000 IU that promotes bone health by increasing the calcium absorption. It also helps in boosting the functions of the immune system, regulates the blood pressure within the normal range and improves cognitive functions. Vitamin D3 plays an important role in prenatal care as well. A deficiency of vitamin D3 during pregnancy can lead bone problems. **Dnixt** can be consumed with or without food and delivers a significant nutritional benefit to individuals of all ages.

Brand Name: **Dnixt**

Indication: Osteopenia and Osteoporosis, Post menopausal, Osteoporosis, Pregnancy and Lactation

Ingredients: Vitamin D[†](as D3 10,000 IU) 250 µg

Dosage: As directed by physician

Presentation: Soft gel 30's

Brand Name: **Dnixt Drops**

Indication: Osteopenia and Osteoporosis, Post menopausal, Osteoporosis, Pregnancy and Lactation

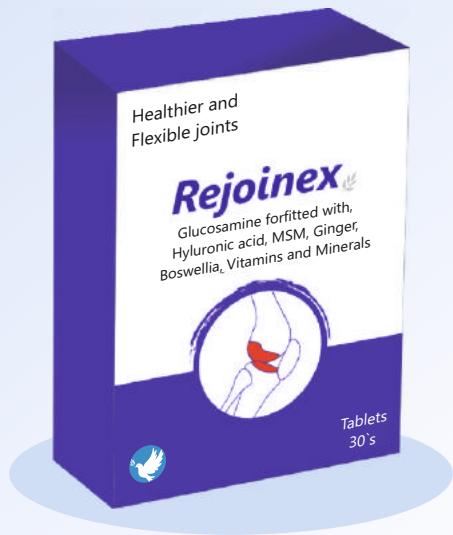

Ingredients: Vitamin D 1000 IU

Dosage: As directed by physician

Presentation: 30 mL

Glucosamine, Hyaluronic acid and MSM along with Ginger root extract and Boswellia extract supplementations have complementary and synergistic action to promote and maintain the structure and function of cartilage in joints. Glucosamine Hyaluronic acid and MSM also have anti-inflammatory properties. Glucosamine produces the much necessary collagen in the cartilage. Hyaluronic acid and MSM offers protection to the cartilages by reducing damage to them. The ginger reduced pain and stiffness in knee joints. Boswellia extract is an antiinflammatory agent that reduces pain & prevents wearing off of bone tissue. Rejoinex contains all these elements in amounts recommended for daily supplementation in a convenient once daily dosage regimen.

Brand Name: **Rejoinex**

Indication: Osteoarthritis Grade II and III

Ingredients: Glucosamine Sulphate KCL 600mg, Hyaluronic acid 20 mg, MSM 300mg, Ginger Root extract 50mg, Boswellia serrata extract (standardized to 40%) 75 mg, Vitamin D3 400 IU, Vitamin C 50mg, Vitamin B 12 20 mcg, Zinc 10 mg, Copper 0.5 mg, Manganese 2 mg, Selenium 30 mcg,

Dosage: Once daily along with the main meal

Presentation : 30`s Tablets

Rejoinex Cream is specially created for relieving joint pain in osteoarthritis. Glucosamine & MSM along with other essential oils like euclayptus oil, juniper oil have strong action on relieving the pain and helping to maintain the function of cartilage in joints. Boswellia extract is an antiinflammatory agent that reduces pain & prevents wearing off of bone tissue. Topical treatment results in 2-6 folds higher concentration of boswellic acids in synovial fluid- fluid that lubricates joint and ensures smooth joint function. Camphor acts as a counter- irritant, anesthetic and antiseptic property. When used topically, camphor stimulates nerve endings, increases blood flow, reduces pain, and decreases swelling. Menthol is a stimulant that acts as a cooling agent. It causes the skin to feel cold, then warm. These sensations distract you from your aches and pains. **Rejoinex Cream** contains all these elements in amounts recommended for daily use.

Brand Name: **Rejoinex Cream**

Indication: Osteoarthritis Pain

Ingredients: Glucosamine, Boswella Serrata, Eucalytus oil, Methyl Sulphonyl Methane, menthol, camphor, Juniperus Communis oil

Dosage: Applied as and when required

Presentation : 1*30gms tube

Rejoinex Sachet is specially designed to counter act grade I and II osteoarthritis. This unique formula not only helps in cartilage function but also takes care of your bone health. Glucosamine and MSM also have anti-inflammatory properties. Glucosamine produces the much necessary collagen in the cartilage. MSM offers protection to the cartilages by reducing damage to them. For relieving joint pain in osteoarthritis. Glucosamine & MSM along with vitamin C helps in relieving the pain and helping to maintain the function of cartilage in joints. Calcium on other hand helps in increasing the bone strength and prevents further wear and tear. **Rejoinex Sachet** is a complete formula for your joint and bone health. **Rejoinex Sachet** contains all these elements in amounts recommended for daily supplementation in a convenient once daily dosage regimen.

Brand Name: **Rejoinex Sachets**

Indication: Osteoarthritis Grade II and III

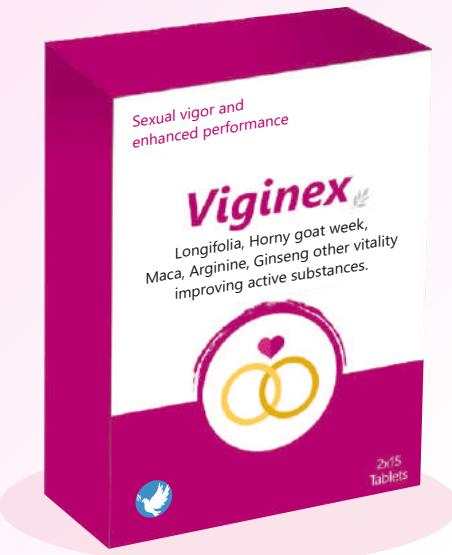

Ingredients: Glucosamine 1500mg, MSM 600mg, Vitamin C 150 mg, Calcium carbonate 500 mg

Dosage: Once daily along with the main meal

Presentation : 2 gms Sachet*30's

Eurycoma longifolia is best known for its ability to enhance libido, testosterone levels, erectile function, sexual performance, and fertility in men, giving it the name "Malaysia's home-grown Viagra". *Eurycoma longifolia*, has been shown to elevate serum testosterone and increased muscle strength in humans and possess various naturally occurring bioactive compounds, including Eurypeptides and Saponins. Furthermore, it has been shown to possess anti-inflammatory, antimalarial, antimicrobial, and antioxidant properties.

Brand Name: **Viginex**

Indication: As an aphrodisiac, Erectile dysfunctioning, sexual performance, other uses- improving blood circulation, fat reduction, and as a testosterone booster

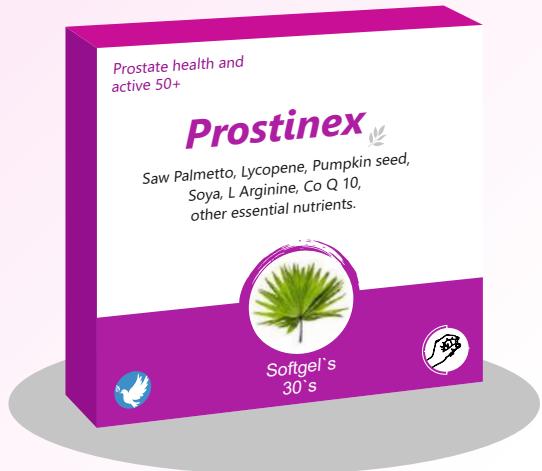

Ingredients: Each Tablet contains Eurycoma Longifolia Extract 100 mg; Horny Goat Weed Extract 100 mg, Maca Extract 50 mg, L - Arginine - 100mg, Panax Ginseng Extract 50 mg; CO Q 10 30 mg, Cynomorium Songaricum stem 25 mg, Ligusticum Chuanxiong root 25 mg, Radix Curculigo Orchioides Extract 30 mg; Punica Grantum L seed Extract 30 mg; Citrus Bioflavanoids 25 mg

Dosage: Once daily

Presentation: 2x15 Tablets

Prostinex is a comprehensive Prostate Formula contains potent levels of synergistic herbs, nutrients and phytochemicals that have been scientifically researched to support the health and wellness of the prostate gland. This formula incorporates premier herbal extracts of Saw palmetto, Tomato extract, Seed Extract, Soya Extract that have shown documented benefits for prostate health not only by promoting a significant inhibition on primary PCa (human prostate cancer cells) cell viability but also increasing their apoptosis rates. Prostinex contains effective amounts of vitamins and aminoacids, which suggests play important roles in supporting optimal prostate function and general health and well-being.

Brand Name: **Prostinex**

Indication: Helps Support & Protect Prostate Health

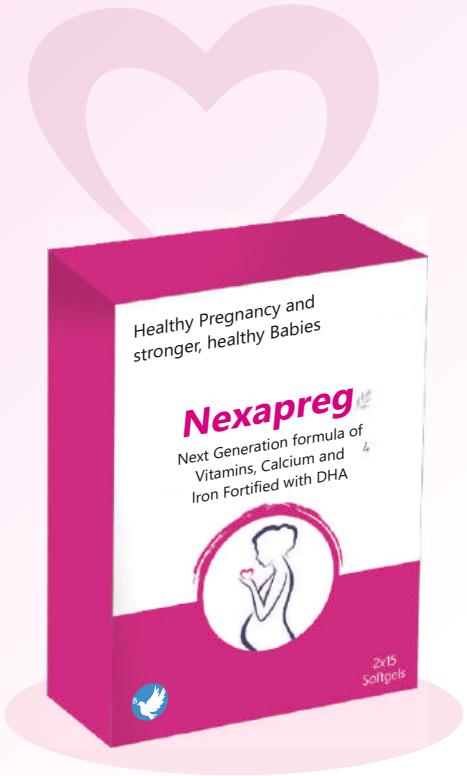

Ingredients: Each soft gel contains Saw Palmetto 120 mg, Tomato extract 100 mg, Providing pure Lycopene 5 mg, Pumpkin Seed Extract 525 mg, Soya Extract 100 mg, Inositol 100 mg, L-Carnitine 60 mg, Alpha Lipoic Acid 50 mg , L-Arginine 20 mg, Betasitosterol 20 mg, Co-enzyme Q10 5 mg, Lutein Esters 2 mg and Citrus Bioflavonoids 10 mg

Dosage: One tablet daily with main meal

Presentation: 2x15 Tablets

Nexapreg provides the much necessary nutrients, Iron , Folic Acid and essential Vitamins for blood formation. This combination effectively provides the essential nutrients for production of healthy Blood Cells. DHA in Pregnex provides Helps in fetal brain development and the infant's subsequent neurodevelopment. **Nexapreg** contain Vitamin B1, B2, B3, B6, B12, C, D, E along with Calcium Zn and Iraan which Significantly improves general health outcomes of infant's health during Pregnancy and DHA Decreases the risk of preterm birth.

Brand Name: **Nexapreg**

Indication: In pregnancy and Lactation

Ingredients: Each soft gelatin capsule contains Folic acid IP 400mcg; Vitamin B12 IP 2.4 mcg; Docosahexaenoic Acid (DHA) 300 mg, Vitamin A 400 iu, Vitamin C - 100mg, Vitamin D 400 IU, Vitamin E - 11 IU, Thiamin 1.84 mg, Riboflavin 1.7 mg, Niacin 18 mg, Vitamin B6 2.6 mg, Vitamin B 12 4 mg, Calcium 200mg, Iron 27 mg, Zinc 25 mgLactobacillus sporogenes100 mil 13.4mg, Crataeva nurvala extract 100mg, Fructooligosaccharides (FOS) 100mg, Ginger root extract 20mg

Dosage: Once daily

Presentation: 2x15 Softgels

Utirex contains unique blend of active phytochemicals found in the cranberry that helps to provide anti-adhesion activity by inhibiting E.coli adhesion to cell walls, the bacteria are unable to attach and cause an infection. Recurrent urinary tract infections are a common problem. The antioxidant Proanthocyanins (PACs) provides an anti-adhesion capability that prevents UTI. Lactobacillus helps in increasing the pH and Gingerroot extract acts as an antioxidant and pain reliever.

Brand Name: **Utirex**

Indication: Urinary tract Infections

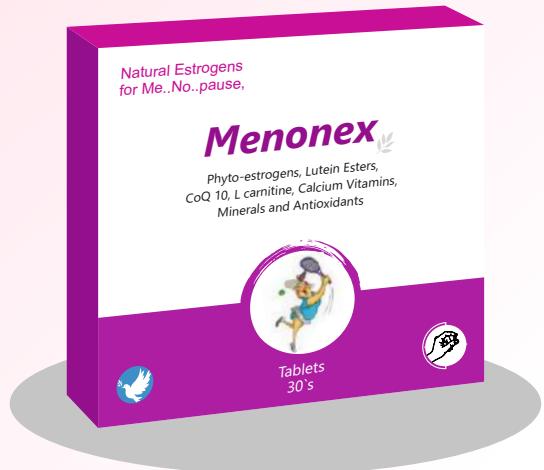

Ingredients: Cranberry Extract (150:1) (standardized for 30% polyphenols as proanthocyanidins) 120mg, Lactobacillus sporogenes 100 mil 13.4mg, Crataeva nurvala extract 100mg, Fructooligosaccharides (FOS) 100mg, Ginger root extract 20mg

Dosage: Once daily

Presentation: 2x15 Capsules

Menonex have both oestrogenic agonist as well as oestrogen antagonist properties, it maintains an optimal balance of oestrogens in the body and relieves symptoms like hot flushes, night sweats, mood swings. The natural isoflavones in Menonex reduces the risks of complications like osteoporosis, cardiac events, higher cholesterol levels & cognitive decline. It is a Good antioxidant regulating blood pressure and prevents HRT associated menopausal related cancers. Vitamin B6, Vitamin B12 & Folic acid synergy help to reduce higher homocysteine levels thereby rendering protection to the blood vessels minimizing the risks of

Brand Name: **Menonex**

Indication: Prevention of Menopausal Symptoms/ Alternative to HRT/ General well being

Ingredients: Each film-coated tablet contains Soy Isoflavones 40% 100 mg; Calcium Citrate USP 500 mg, Lutein Esters 2 mg, Phosphatidylcholine 10 mg, Co-Q10 5 mg, L-Carnitine 10 mg, Citrus Bioflavonoid Complex 10 mg, Natural Mixed Carotenoids 2 mg, Vitamin D (as D3 400 IU) 10 µg, Vitamin E (Natural Source) 15 mg, Vitamin C 60 mg, Thiamin (Vitamin B1) 14 mg, Riboflavin (Vitamin B2) 4 mg, Niacin 30 mg, Vitamin B6 10 mg, Folic Acid 200 µg, Vitamin B12 5 µg, Biotin 50 µg, Pantothenic Acid 6 mg, Iron 50 mg, Magnesium 60 mg, Zinc 15 mg, Manganese 0.5 mg, Copper 20 µg, Selenium 60 µg and Chromium 50 µg

Dosage: One tablet daily with main meal

Presentation: 2x15 tablets

Curvex is a combination of natural herbs which help in maintaining good health by blocking unwanted carbohydrates and assists in obtaining desired weight. The artichoke extracts in Curvex are rich in soluble fiber can also help lower your blood glucose and cholesterol levels thereby exerting antidiabetic and antiobesity effects. The limonoids like limonin and flavonoids like naringenin in grapefruit extract helps in burning of stored fats thereby contributing in weight loss. Curvex helps in boosting various metabolic processes and the bromelain in grapefruit extracts fights cellulite. Curvex also has a diuretic property due to dandelion extracts. Chlorogenic Acid helps reducing unwanted fats.

Brand Name: **Curvex**

Indication: Weight loss, Cellulite Reduction, Immunity Booster, Skin Health and Appearance Enhancer

Ingredients: Artichoke Leaf Extract 50 mg, Grapefruit Extract 50 mg, Dandelion Root Extract 50 mg, N-Acetyl Cysteine 30 mg, L-Methionine 40 mg, Green coffee Bean extract 100 mg, L-tyrosine 150 mg, L-glutamine 100 mg, Silymarin 35 mg

Dosage: One- two tablets daily with main meal

Presentation: 2x15 tablets

Skhana is a complete biological reconstituent formulated to help the growth of hair, skin & nails. **Skhana** Offers powerful antioxidant property, Increases hydration and firmness of skin and Increases moisture and prevents wrinkles. **Skhana** provides vitamins, grape seed extract, equisetum arvense extract and amino acids, all bio-minerls necessary for collagen and elastin creation which help improve nail strength and synthesize. It also provides lipids that binds to nail plate keratinocytes helps in promoting hair growth and Increasing thickness of nails. **Skhana** helps in nail protein regeneration and rejuvenation. **Skhana** contains moisture retaining elements and sulfur containing amino acids that provides additional strength to hair shaft and integrity to skin cells thus preventing wrinkles.

Brand Name: **Skhana**

Indication: For Skin, Hair and Nail Health

Ingredients: Each Film coated Tablet contains Horsetail Botanical Extract Equisetum arvense L. 100 mg, MSM 100 mg, Grape Seed Extract 15 mg, Co-enzyme Q10 5 mg, L-Methionine 30 mg, L-Cystine 30 mg, Amino acid complex 100 mg, Natural Mixed Carotenoids 2 mg, Citrus Bioflavonoids 15 mg, Vitamin D (D3 800 IU) 20 µg 400, Vitamin E 40 mg , Vitamin C 80 mg, Vitamin B1 (Thiamin) 8 mg, Vitamin B2 (Riboflavin) 4 mg, Vitamin B3 (Niacin) 18 mg, Vitamin B6 10 mg, Folic Acid 400 µg , Vitamin B12 20 µg, Biotin 1 mg , Pantothenic Acid 40 mg, Calcium 400 mg, Magnesium 75 mg , Iron 14 mg, Zinc 15 mg, Copper 1000 µg, Manganese 2 mg, Selenium 165 µg, Chromium 40 µg and Iodine 200 µg

Dosage: Once daily

Presentation: 2x15 Tablets

DameWash is an expert hygiene wash product specially designed for a woman's intimate needs. Its special Lactic Acid formula; infused with tea tree oil & sea buckthorn oil, helps maintain the pH balance of the vagina, prevents itchiness, irritation, dryness & leaves you feeling fresh all day long. Damewash is uniquely designed in a spray wash bottle for convenient usage.

Brand Name: **Damewash**

Indication: In Maintaining Vaginal pH

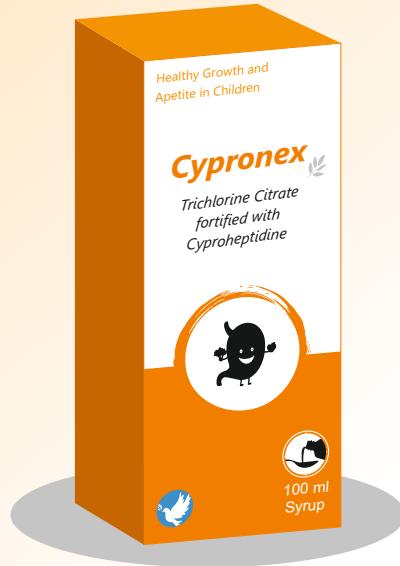

Ingredients: Lactic Acid 1.2% W/v. Tea Tree oil and Sea buckthorn oil

Dosage: Spray in the affected area of burning and itchiness

Presentation: 100 ml Bottle

Cypronex helps revives appetite and helps in digestion, formulated with careful composition of Tricholine citrate 375 mg + Cyproheptadine 2 mg the rich quality syrup helps in improving the nutritional intake in the body. Further, it offers antihistaminic action and normalize intestinal peristalsis and prevents fat hepatosteatosis and hepatotoxicity. Cypronex improves the patient's condition by Mobilizing cell membrane cholesterol and promoting liver degeneration. Its also helps in blocking the histamine and serotonin from the body.

Brand Name: **Cypronex**

Indication: constipation, improves appetite, digestion and hepatic functions, weight gain, Anti allergen

Ingredients: Each 5 ml contains Trichlorine Citrate 375 mg, Sorbitol - 2 mg and Cyproheptidine 2 mg

Dosage: Once daily

Presentation: 100 ml Syrup

Colicnex is an anti-gas (anti-flatulence) medication which acts in the stomach and intestines to change the surface tension of gas bubbles, enabling smaller bubbles to join together into bigger bubbles. It results elimination of gas more easily by belching or passing flatus. Dill oil in Colicnex acts as antispasmodic, carminative, digestive, disinfectant, galactagogue, sedative, stomachic and sudorific. Fennel oil helps to relieve abdominal cramps, gas and bloating and Indigestion. Fennel Oil also helps reduce Bad breath and body odor that originates in the intestines

Brand Name: **Colicnex**

Indication: Infant Colic Pain; Griping Pain; Reduces gas in stomach; Stimulates appetite; Flatulence; Constipation; Dyspepsia; Nausea

Ingredients: Each 5ml contains Simethicone 400 mg, Dil oil 0.005 ml and Fennel oil 0.0007 ml

Dosage: As directed by Physician

Presentation: 30ml.

Lactinex is a unique formula containing a combination of *Lactobacillus*, *Bacillus mesentericus*, *Clostridium butyricum* and *streptococcus faecalis* that Improves abdominal pain and bloating symptoms in patient with IBS, Constipation & Diarrhea. Lactinex helps in digestion, Regulates metabolism and improves immunity, Reducing number of daily bowel movement. All the above bacterias provides beneficial bacteria for the body which Modify microflora to suppress pathogens and Secrete antibacterial substances. These include organic acids, hydrogen peroxide and bacteriocins.

Brand Name: **Lactinex**

Indication: Irritable Bowel Syndrome, Diarrhea, Constipation

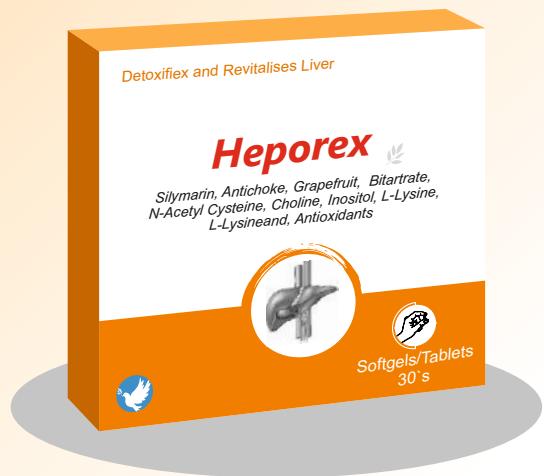

Ingredients: Each hard gelatin capsule contains Streptococcus faecalis T-110 JPC 60 Million; Clostridium butyricum TO-A 2 Million; Bacillus mesentericus TO-A JPC 1 Million; Lactic acid bacillus 2 Billion (Lactobacillus sporogenes)

Dosage: 1-2 Capsule 3 times a day

Presentation: 30`s Capsules

Heporex is a combination of potent hepato-protective ingredients that prevent the liver parenchymal cell damage by its strong antioxidant repair & regeneration property. Hepatonex is a potent appetizer that not only prevents dyspepsia but also prevents drugs and alcohol induced damage. Hepatonex helps in secretion of varied group of enzyme by the liver catalyzing the oxidative reaction in various metabolic pathways, hastening the repair and rejuvenation process. Hepatonex helps in healthy weight gain in anorexic individuals and reduces convalescence in

Brand Name: **Heporex**

Indication: For the prevention and treatment of viral hepatitis/ alcoholic cirrhosis/ fatty liver/Jaundice, anorexia, loss of appetite and liver damage due to various therapeutic conditions.

.As an adjuvant with drug induced damage

Ingredients: Silymarin 70 mg, Choline Bitartrate 120 mg, Inositol 100 mg, N-Acetyl Cysteine 100 mg, Artichoke Extract 50 mg, Grapefruit Extract 50 mg, L-Lysine 50 mg, L-Glutathione 30 mg, Co-Q10 5 mg

Dosage: One softgel daily with main meal

Presentation: 2x15 tablets

Digestix is a Bowel regulator which helps in relief from acute and chronic constipation. Digestix is made of ingredients from natural sources which are safe and non-habit forming. It has various beneficial effects including digestion, Cleansing colon, diuretic qualities, and cooling.

Brand Name: *Digestix*

Indication: Constipation
traveller's gastroenteritis in children and adults

Ingredients: Isapgol Psyllium Husk

Dosage: 1-2 teaspoon with plain or lukewarm water at bedtime.

Presentation: 100 gm Bottle & 50 gm Bottle

Luvita is a combination of all vital vitamins required by the body.

Luvita is developed as a strong formula that helps in immune function and antioxidant action which works against stress and as a prophylactic therapy in many disease conditions as it is enriched with essential antioxidant elements.

t has an established action against the carcinogenic potential of many environmental pollutants. Luvita contains vitamins and minerals that plug the gaps in our diet.

Brand Name: **Luvita**

Indication: Vitamin Supplements

Ingredients: Each 5 ml contains Vitamin A 1000 IU, Vitamin D3 - 200 IU, Vitamin E - 3 mg, Vitamin B2 - 1.5 mg, Vitamin B6 1 mg, Vitamin B 12 - 1.5 mcg, Panthothenic acid - 2.67 mg, Nicotinamide .5 mg, Vitamin C 30 mg , Ferrous Glycinate 5 mg, Zinc 5 mg, L- Lysine 15 mg

Dosage: 5-10 ml daily

Presentation: 100 ml.

High iron requirements during pregnancy are not easily fulfilled by dietary intake. Uniferrin Successfully treats iron deficiency anaemia and has a positive effect on pregnancy outcome like gestational age and birth weight. Supplementation during pregnancy significantly reduces the risk of early neonatal death. Folic acid in Uniferrin is essential to numerous bodily functions ranging from nucleotide biosynthesis to the remethylation of homocysteine. It is especially important during periods of rapid cell division and growth. Both children and adults require folic acid to produce healthy red blood cells and prevent anemia.

Brand Name: **Uniferrin**

Indication: Pregnancy and Lactation, Iron Deficiency Anaemia, Chronic Blood Loss, Post-surgical Loss, Anaemia Associated with Infections

Ingredients: Each film coated tablet contains Ferrous Ascorbate eq. elemental Iron 28 mg, Folic acid IP 400mcg; Vitamin B12 IP 2.4 mcg; Vitamin D3 - 400 IU

Dosage: Once daily

Presentation: 2x15 tablets/ 60 ml syrup

IMMUNE HEALTH

Electorex is a professional formula electrolyte that keeps a person hydrated and energized by replacing vital minerals lost through vigorous activities. It maintains the balance and flow of body fluids and healthy muscle function. It can be used pre-and post-a rigorous activity to recover faster from stress. Electorex contains a balanced blend of sodium, potassium, calcium, magnesium and chloride

Brand Name: **Electorex**

Indication: Treats and prevents dehydration due to diarrhea & traveller's gastroenteritis in children and adults

Ingredients: Sodium Chloride 0.7g, Potassium chloride 0.3g, Sodium Citrate 0.58g, Dextrose Anhydrous 4g, Zinc Sulphate monohydrate 0.022g

Dosage: One Sachet daily with main meal

Presentation: 21.8gm sachet

Magnesium is an essential mineral for optimal metabolic function. Research shows that there's a significant decline in mineral content of magnesium in food, and that magnesium depletion has been detected in persons with some chronic diseases. Magnesium is effective in eclampsia and preeclampsia, arrhythmia, severe asthma, and migraine. Magnesium plays a crucial role in glucose and insulin metabolism. Magnesium may act as a vasodilator, with actions in the peripheral vasculature or the cerebral vasculature, to decrease peripheral vascular resistance or relieve vasoconstriction.

Mg²⁺ stimulates osteoblast proliferation in bone and inhibits the release of pro-inflammatory molecules such as IL-1 β , TNF- α , and SP, which stimulate osteoclast activity. In bone development, Mg²⁺ stimulates chondrocyte column formation. Nexmag contains magnesium oxide that is highest absorbed amongst all available magnesium salts.

Brand Name: **Nexmag**

Indication: Hypomagnesaemia, Preeclampsia, Migraine, Insomnia, Adjuvant with Anti-Diabetic & Anti-hypertensive Medication, Cramps, Energy metabolism, And Asthma

Ingredients: Each sachet contains Magnesium Oxide light 500 mg

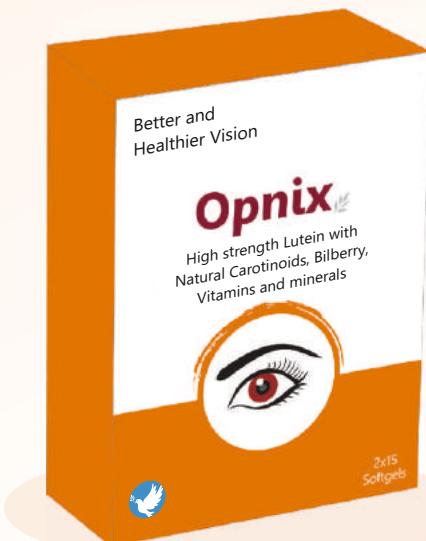

Dosage: One Sachet daily with main meal

Presentation: 1gm sachet

As we get older, the eyes become more susceptible to damage caused by an unhealthy lifestyle and overactive immune system, which results in the body becoming flooded with defense cells and hormones that damage parts of the eyes.

Opnix Formula is a whole nutrition based, wild crafted herbal formula with specific antioxidants for vision health including lutein, zeaxanthin, natural carotenoids, bilberry extracts powerpacked with essential vitamins and minerals. Lutein and beta-carotene provide the necessary visual pigments for good eye sight. Vitamin C and Selenium protect eye lens and macula with their antioxidant property. Vitamin E and Vitamin C are essential for protecting the eyes.

Brand Name: **Opnix**

Indication: Age-related macular degeneration and cataracts, Diabetic retinopathy, lowering eye inflammation

Ingredients: Each Soft gel contains Lutein 10mg, Zeaxantine 2mg, Natural Carotenoids 2mg , Bilberry Extract equiv. to 30 mg, Vitamin A 1000 IU, Alpha lipoic acid 25 mg, Vitamin C 30 mg, Vitamin E 15 IU, Chromium 50mcg, Selenium 70 mcg and Zinc as Zinc oxide 15 mg

Dosage: Once daily with your main meal

Presentation: 2x15 Softgels

Methionine is an essential Amino Acid that cannot be manufactured by the body. It must be obtained through the diet or by supplementation.

Methionine supports the production of the cellular antioxidant, glutathione, thereby assists in natural detoxification processes and managing the sleep cycle effectively. Our biological clock can be disturbed by stress, crossing time zones and changing work shifts.

Methionine facilitates falling asleep and maintains a regular sleep cycle.. In the body, L-Methionine can also be converted into SAMe*

(S-Adenosyl Methionine), a compound that supports healthy joints..

Brand Name: **Sominex**

Indication: constipation, improves appetite, digestion and hepatic functions, weight gain, Anti allergen

Ingredients: Methionin 3 mg

Dosage: One Sachet daily with main meal

Presentation: 1gm sachet

Many chronic cardiac conditions are associated with excessive intake of dietary saturated and trans-fatty acids (including obesity, insulin resistance, coronary heart disease, and some forms of cancer), research shows that an unsaturated fatty acid along with natural anti-oxidants is essential in the prevention and treatment of numerous diseases and is especially beneficial for various cardiovascular disorders for healthy heart and circulation. Niscard supplementation can prevent heart failure and other chronic conditions by reducing concentration of atherogenic lipids, lipoproteins and increases the concentration of Cardio-protective lipoproteins. Niscard has cardio-protective ingredients which work together to holistically support heart function. It also keeps your heart healthy and active

Brand Name: **Niscard**

Indication: In maintaining low cholesterol levels and management of mild to moderate hypertension

Ingredients: Ubidecarenone (coenzyme Q10) 100mg, Lycopene 5000mcg, Omega-3 Fatty Acids (EPA 90mg, DHA 60 mg), Natural Mixed Carotene 10.33mg, Wheat-germ Oil 25mg, Calcium Ascorbate 75mg, Vitamin B12 5mcg, Selenium Dioxide Monohydrate 75mg, Zinc Sulphate Monohydrate 27.45mg

Dosage: One softgel daily with main meal

Presentation: 2x15 tablets/ 60 ml syrup

With increasing complex disease conditions and dietary changes across the world memory is one of the prevalent condition happening not only with young generation but also common in geriatric population. Intelinex is a combination of clinically proven superior nutrition for improving memory and cognitive function. Intelinex helps Support cognitive function and is essential in maintain the active memory not only in early adolescence but also in geriatric conditions. The ingredients in Intelinex helps Improve learning and memory function in age-related cognitive decline. Intelinex improves depression, fatigue, anger and quality of life in healthy elderly persons and enhances cognitive functioning and stabilizes mood in cognitively impaired elderly. Ginkgo in Intelinex reduces oxidative stress.

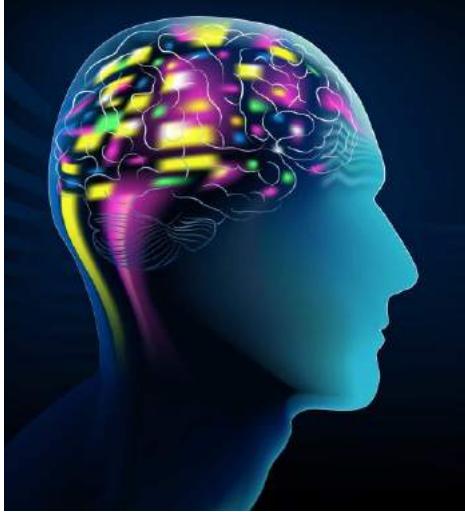

Brand Name: **Intelinex**

Indication: Dementia/ Alzheimers disease/ Memory improvement

Ingredients: Each Soft Gel capsule contains DHA 300 mg, Ginkgo Biloba Extract equiv.to 120 mg, 5-HTP 20 mg, L-Arginine 40 mg, Glutamine 10 mg, L-Glutathione 5 mg, Co-enzyme Q10 10 mg, Phosphatidylserine 10 mg, Phosphatidylcholine 10 mg, Natural Mixed carotenoids 2 mg

Dosage: One softgel daily with main meal

Presentation: 2x15 Softgels

Diabetic neuropathy is one of the largest disease profiles in global noncommunicable diseases (NCDs). Nervonex is a complete combination of vitamins and active ingredients useful in prevention of nerve sheath degeneration in neuropathic conditions.

Methyl cobalamine helps nerve sheath regeneration and is essential for nerve impulse transmission. In synergy with folic acid it helps nerve regeneration and with vitamin B 6 lowers the excess levels of homocysteine. Nervonex protects the blood vessels and Neutralizes oxidative stress associated with diabetic neuropathy. It improves appropriate energy utilization in diabetics and Neutralizes oxidative stress associated with diabetic neuropathy

Brand Name:**Nervonex**

Indication: Nerve health, Diabetic neuropathy, Hypertensive Neuropathy, Alcoholic Neuropathy

Ingredients: Methylcobalamin 750mcg, Alpha-lipoic Acid 200mg, L-carnitine 50mg, Chromium Picolinate 35mcg, Folic Acid 400 mcg, Pyridoxine 1.5mg, Thiamine 5mg, Riboflavin 5mg, Niacin 35mg, Vitamin B6 30mg, Vitamin C 120mg, Vitamin D3 400 IU, Zinc 15mg, Selenium 70mcg, Copper 0.9mg, Manganese 2mg, Iodine 100mcg

Dosage: Once daily
